COUNCIL HOLDS SHORT SESSION

Little Business of Importance
is Transacted at the
Meeting.

Water Mains to be Extended—
Contract for Three More Wells
Let to C. B. Lore.

The city council met in regular session last night with all members present except Mr. Caldwell, and with Mayor Hall presiding. The minutes of the last meeting were approved as read.

The petition of Charles Stevens for an extension of the water mains on West Eighth street to his property, just east of the L. E. & W. railroad so that he might use city water was granted and a similar petition was granted Wallace Morgan and Charles Baker for the extension of the water mains on North Harrison street to Eleventh.

The petition of the I. & C. Traction company to have a writ of error issued, cancelling the taxes on the improvements made on the lots on which the power house and car barns are located, inasmuch as they were already paid, was granted, and the city clerk instructed to issue the writ. The taxes amounted to \$19.25 and a writ had already been issued by the county.

The Water and Light committee, to which, at the last meeting, the petition of the I. & C. Traction company, asking for an extension of the water mains on Julian street to the car barns, reported that they had investigated the matter and found that there were four fire plugs near at hand and six others with which connections could be made in case of fire. They, therefore, thought there was ample fire protection and they recommended that the petition be not granted. The committee stated that, should a plug be installed in the car barns the fire chief and the city would have no jurisdiction over it. The report was concurred in.

Councilman Brann reported that the committee to which was referred the matter of contracting for fuel for the water and light plant, had decided to make a test of the coal at the plant and had ordered four car loads of coal each of a different kind for that purpose.

Ordinance No. 157, relating to the public health came up for the second reading. City Attorney Megee said that in his opinion the ordinance did not conflict with the new State law.

The committee having in charge the construction of the new water wells, reported that they had contracted with C. B. Lore to drill three wells at the price of \$3.30 a foot, he to furnish and guarantee everything.

Certificates of the appointments of L. J. Geraghty, Sr., R. L. Tompkins, John Jones, W. A. Jones and W. H. Stewart, as city commissioners, were received and spread upon the miscellaneous records.

Councilman Brann reported that the drain from the First Ward school building emptied into Bodine's avenue and crosses the street under a wooden bridge, and that it gives forth an odor which is becoming quite a nuisance. He stated that several residents on Perkins street had connected with the drain and he suggested that the drain be placed under ground. The ditch, he said, was put in by the school board and council decided that the residents had no right to connect with it. Mr. Brann moved that the school board and residents be notified to put the drain under ground, otherwise it would be declared a nuisance and abated.

Mr. Brann called council's attention to the cement blocks which the I. & C. traction company wished to use as crossings, where there was no heavy traffic, and it was decided to accept them. Brick crossings, however, will be put across the streets.

A resolution providing for new cement walks and stone curb on Seventh street from Main to Perkins and setting Tuesday, April 18th, as the day for receiving bids on the contract was declared adopted.

After allowing the usual accounts and bills among which were charges from Watt Bartlett, drayman, for hauling four dead cats off the street, council adjourned.

A DESPERATE GANG

The Car Robbers at Hagerstown
Operated on Large Scale
—Family Arrested.

Hagerstown, Ind., March 22.—John Locke, who is alleged to have been implicated in the robbery of freight cars in Ohio and who, with his cousin Harris, fled from his home in this city Sunday evening, when officers and citizens gave chase and attempted to arrest him, is still at liberty. The parents of Locke, his wife and his brother, Sol have been arrested and taken to Richmond, but the officers have not yet been able to find John Locke, who is said to be a desperate character, with many offenses besides that of robbing freight cars against him.

Developments indicate that John Locke was implicated, if not the leader, in a huge conspiracy to rob railroads. So far, the officers have found 8,000 10-cent cigars, and 2,000 yards of silk in Locke's house. Detective Brady, who is here, says Locke was at the head of a gang of eight car robbers, which has stolen at least \$20,000 worth of goods. The detective says further, that all the robbers have been located, except Locke.

IS WELCOMED AT FRANKFORT

Large Audiences Greet
Rev. W. J. Russell at His
New Home.

Rev. W. J. Russell, formerly pastor of the Main Street Christian church in this city, who resigned as pastor of the East End Christian church at Pittsburg and accepted a call to Frankfort, Ind., has arrived there and is being warmly welcomed. The Frankfort Morning Times says:

"The coming of the new pastor of the First Christian church, Rev. W. J. Russell, acted as an inspiration and leaven to the membership Sunday. All the services, the Sunday school and society meetings were unusually well attended, the main auditorium of the church being filled at the evening service. There were many members of other churches present to hear the able and eloquent addition to the Frankfort clergy. He spoke at both services to audiences somewhat critical and expectant. At the conclusion of the day there was nothing but satisfaction and enthusiasm manifest among the church membership. Rev. Russell has a superior presence in the pulpit. He is at once sympathetic, magnetic and convincing and his manner is that of the polished orator. At the morning service he devoted the most of his sermon to a heart to heart talk on what he expected the church membership to do in aiding him to do a great work here. He placed much stress upon the imperative steadfastness in the service of the Lord. The evening discourse was an inspiring appeal for a Christ-like life.

Rev. Russell and family will soon be at home in the Walter Paris property on South Jackson street, their household goods having arrived yesterday. Mrs. Russell and children are expected to arrive in about a week."

APPOINTMENT IS IN FAVOR

Indianapolis, Ind., March 22.—The appointment of Harry S. New, of this city, as acting chairman of the Republican national committee is a source of great pleasure to party workers throughout the entire state as he has an immense personal following. His close friends say he has no desire whatever to hold a salaried office under the federal administration, but that it has always been the height of his ambition to be at the head of the big organization. Captain New is expected here tomorrow and his friends may arrange a public reception in his honor.

LOCAL OFFICE CLOSES DOORS

The National Commission Co.
Again Suspends Business in This City.

The Headquarters are Now Located at Indianapolis—Creditors are Paid in Full.

The National Commission company which has had an office in this city since last January 15th, has closed the office and suspended business in the other cities in which it has had dealings. The corn market Monday went to a high point and after paying off the traders with the \$20,000 which the company had on hands when organized, the funds were exhausted, and rather than embarrass the traders with continuing the business, it was thought best to quit.

The company will pay out \$1 for \$1 on Monday night's close and no trader will lose a cent up to that night's deal.

The company failed last December for \$40,000. It is said that no more efforts will be made to reorganize. It was a typical concern with branch offices in twenty-five towns in Indiana and Ohio. The liabilities this time are placed at about \$8800, with assets said to be close to \$9100.

After a receivership of a week last December the company was reorganized with \$20,000 new capital. Preferred stock was issued to the creditors and this stock was to be redeemed gradually, the first retirement to be made within six months. This failure means that the creditors of the old company will lose all their claims.

The company found the markets too one-sided. The new capital melted away during recent bull movements.

The company failed to regain lost confidence, and it is claimed that the business has not been large enough to pay expenses.

It was rumored yesterday that several local creditors had lost heavily, but it was found to be unfounded. An effort will probably be made to get a wire in the exchange here from a Chicago or Cincinnati company.

TO BEGIN WORK ON BALL PARK

Workmen Will be Put to Work
Tomorrow—Other Ball
News.

Manager Stubblefield, of the ball team, stated today that work on constructing the new grand stand in the southwest corner of the South Main street grounds, skinning the diamond and erecting the fence would begin tomorrow. A force of men will be put to work and the work pushed with rapidity.

Mr. Stubblefield now has all his contracts in and signed. He has secured Arthur Adams, of Seymour, a crack short-stop and second baseman, who was a member of the Evansville Central League team last year, and will give him a tryout. Bliss & Cowing will erect a substantial gateway at the ball park for advertising purposes.

Mr. Stubblefield is arranging for week day games with Shelbyville, Franklin and the Indianapolis Colts. He wrote Manager LaRue, of the Connersville club for a game, and the latter replied that he would play Rushville if the locals "would agree to play a fair and square game."

Industrial Prospects Brighter.
Hammond, Ind., March 22.—After lying idle for nearly two years the giant plant of the Hammond Packing company, located in this city, is to be operated again. The plant of the Illinois Steel company at Bluffington, Ind., the new town starter last year, four miles east of this city, employing at present 800 men, is to be doubled in capacity immediately.

STRAWBERRIES HERE

First Shipment of the Season
Comes to Town at 55c. a
Quart.

Nice, ripe, juicy, red, luscious strawberries have made their appearance in the local markets, being shipped here direct from Sunny Florida. Although the berries are retailing at fifty-five cents per quart, the supply is going rapidly to those who usually indulge in such luxuries, but most people will wait until later in the season when the luscious fruit is more plentiful and less expensive.

Owing to the already high retail price for the berries, the merchants are not attempting to gain any large profits on them. The berries cost them 50 cents per quart and the merchants are simply aiming to get out even on them.

THE END OF THE LIMIT

Greenville, O., Paper Tells of
a Rush County Bull That
Gives Milk.

According to the Richmond Palladium the extreme end of the limit has been reached. The Palladium says: "We can now be prepared to hear anything. Harken to this from the Greenville, Ohio, Advocate:

"Stockmen and farmers are considerably interested in the strange story about a young bull owned by Pearce Marky, a prosperous farmer, who lives near Hollandburg, Darke county, Ohio.

"The story is told by Mr. Marky and his son to the effect that since Sunday, milk has been drawn in quantities of two tablespoonfuls each morning from four teats, each half an inch long, on the pouch or 'udder,' whichever it may be termed under the circumstances.

"The bull is a registered Jersey three years old and of imported dam and sire, and was purchased last April by Mr. Marky from A. P. Walker, of Rushville, Ind. The bull is a half brother to Flying Fox, who sold a couple of years ago for \$7500 and with whom the same peculiar circumstance was noted, although the quantity of fluid milked from him was much less than from the Darke county animal.

"This strange twist of nature was first discovered by Mr. Marky's son, who has charge of the cattle on his father's place, last Sunday while he was currying the animal. Neighbors were called in and all vouch for the truthfulness of the story. Mr. Marky states that the bull is one of the best in the county, weighing about 1100 pounds."

SECRET INQUIRY IS BEING MADE

The Witnesses in the Beef
Trust Hearing are Guarded
by Detectives.

Chicago, March 22.—Fifteen secret service men have been brought to Chicago to guard the witnesses who will appear and testify before the special grand jury which today began an investigation of the transactions of the so-called "beef trust." So great is the desire of the federal officials to maintain a strict secrecy in the investigation that every witness who testifies before the inquisitorial body, will be closely guarded by one of the secret service men to prevent his being approached by newspaper men or agents of the packers. C. B. Morrison, who was appointed district attorney to succeed S. H. Bethea, recently appointed a district judge, declared that any person detected speaking to or inquiring the name of any of the witnesses will be liable to contempt of court.

IT IS NOT YET DETERMINED

The Site For the New Morton Monument is
Questioned.

Morton Monument Commission
is Now Organized—Dr. King
Elected President.

In the organization of Morton Monument Commission yesterday afternoon at the State House in Indianapolis, there was no opposition to the election of Dr. Warren R. King, of Greenfield, as president, or to the Rev. D. R. Lucas for secretary. Both were elected by acclamation. In the event that subscriptions are offered by individuals, Maj. Joseph Irwin, of Columbus will become treasurer of the commission. Otherwise all funds will be held by the Treasurer of the State.

Until the bonds of the members of the commission are accepted and filed with the Secretary of State the commission can take no official action in reference to the monument.

The bond of each member is for \$5000. Governor Hanly yesterday presented the members with their commissions. This was made possible through an emergency clause being attached to the bill creating the commission and providing for the monument.

As secretary of the commission the Rev. D. R. Lucas will draw a salary not to exceed \$90 a month. The amount will be fixed at the first official meeting.

It will likely rest with the Indianapolis Traction and Terminal company whether or not the monument shall be located at the northeast entrance to the State House grounds. If the company goes ahead with its present plans and erects buildings on its quarter square of land at Capitol avenue and Ohio streets in Indianapolis, the monument will be located elsewhere. Harry Adams, a member of the commission, yesterday proposed that the company be asked to transfer its land into a park. If this is done the monument will be built at the northeast entrance to the State House grounds.

The members of the commission are Dr. Warren R. King, Greenfield; E. B. Martindale, D. R. Lucas and Harry Adams, Indianapolis, and Joseph Irwin, Columbus.

O. F. BOWMAN STILL IN JAIL

Brother Would Have Signed
Bond But He Was Not
Accepted.

Obediah F. Bowman, manager of the Carthage Canning factory, the alleged embezzler, who was arrested by detectives on the streets of Muncie Monday and placed in jail here Monday night, is still in jail and unable to secure a bondsman.

Bowman's brother, Ezra, came here from Lafayette last night, and offered to go on his brother's bond, but Sheriff Bainbridge could not accept him as he lived outside the county. Efforts to get a bondsman at Carthage failed and it is thought that Bowman will be compelled to lay in jail.

He is conferring with his attorneys, Watson, Tittsworth & Green, and they state that he denies the charges against him. Bowman could not be seen today, but it is understood that he tells a story of hard luck.

Bowman's brother, Ezra, it is thought, returned home to Lafayette this afternoon. Mrs. Bowman continues dangerously ill at Muncie.

On his wedding tour a man kisses his bride every time the train enters a tunnel. In after years he takes a drink.

COAL STRIKE IS OFF

Executive Committee of the
Operators, Association Holds
a Meeting.

Terre Haute, Ind., March 22.—The executive committee of the Indiana Bituminous Operators' association called into conference President Boyle of District 11, United Mine Workers of America. A compromise was reached whereby the miners who have been out at Jackson Hill were ordered back to work and the differences left to arbitration. The strike followed the discharge of men for loading dirty coal. On refusal of the miners to return to work the operators suspended the check-off at all mines in the state was recalled after the conference with President Boyle.

MANY VISITORS WERE PRESENT

Interesting District Meeting of
Pocahontas at Connersville
Yesterday.

The annual district meeting of the Pocahontas fraternal organization which convened at the Red Men's hall in Connersville Tuesday afternoon, was attended by a very large gathering of members of the order and a splendid session was the result. The district comprises the counties of Henry, Wayne, Rush, Franklin, Union, and Fayette, and from conservative estimates over two hundred visitors from the various lodges were in attendance. In the afternoon a public meeting marked the opening of the district gathering and at which the hall was filled with interested members and friends. A good program was given and a fine address by C. A. Robinson, of Greenfield, past Sachem, was a very good feature. Following this a meeting was held by the chiefs of the great council, for all past chiefs, then a meeting by the great chiefs for all members of the order.

The afternoon session was a pleasant one and much interest was manifested in the work by the members. The secret session took place in the evening at which the degree work was conferred on fifteen candidates from Shawmut council. The work was conducted by the councils from New Castle and Cambridge City. Among the high State officers in attendance were Mrs. Kate Calhoun, Great Pocahontas, of Bedford; Rosella Brady, G. K. of R., Warsaw, Ind.; Mrs. Florence Banes, Great Winona, and a number of other prominent officers. Several members of the local lodge attended the meeting.

THEY THREATEN TO MAKE TROUBLE

Students Expelled From Connersville High School Form
a Union.

Several members of the junior high school class at Connersville, who were recently expelled for smoking cigarettes, have organized what they term a students' union and are now making an effort to have the whole class go on a strike.

Many of the younger students are addicted to the cigarette habit, and recently a strict rule was made by the principal, E. A. Turner, forbidding the smoking of cigarettes or pipes about the school premises. Several ignored the rule, causing five students to be expelled.

Other students of the junior class took up the fight and are now making an effort to get their classmates back, threatening that unless they succeed they expect to go on a strike and leave school.

ARE FIGHTING EXTRADITION

Convict Who Fled to Kentucky Has Taken His
Case to Federal Court.

Louisville Court Denied Writ of
Habeas Corpus Secured by
Reformatory Officials.

Jeffersonville, Ind., March 22.—It is believed that a woman he married since being paroled from the institution has supplied Nelson B. Hughes, a paroled convict, with most of the money he is using to fight his extradition from Kentucky, at the request of the Indiana Reformatory authorities. A writ of habeas corpus was denied in the Louisville courts, and he is now trying to get the case before the federal court. Should he win, Kentucky will become a refuge for "crooks," as every paroled man would naturally fly to that haven at once, and could not be brought back. It would, in fact, shatter the Indiana parole system should the contention of Hughes be sustained. The case has now gone over before Judge Evans till next Monday.

PHILIPINO SCOUTS WILL GO THROUGH

A Special Train Will Carry Them
Through This City on the
C. H. & D.

The battalion of Filipino Scouts, consisting of three hundred men and a band of eighty pieces, which have been stationed at Fort Thomas, Ky., for the past month, will pass through this city Thursday evening on a special train over the C. H. & D. The scouts will be on their way from Cincinnati to Chicago at which place they will take the Santa Fe for San Francisco, California, to embark for the Philippines. The battalion was one of the principal features in the inaugural parade at Washington, D. C., on March 4th. The scouts will leave Indianapolis for Chicago over the Monon.

AND HER NAME WAS MAUD

Greensburg News: David Camden left this city Monday morning to drive a donkey to Rushville. At twelve o'clock one of our citizens met him in front of W. W. Hamilton's home, one mile north of here, applying the whip and demanding that the donkey "get up," but the same old pace was continued. Davey will have to get a toupee to cover his grey locks when he comes home, or his friends won't recognize him if he does not make better in the last stretch of road than in the first.

In failing to ratify the San Domingo treaty, the Senate has shown its capacity for failure to do a proper act at the right time. This treaty was in the interest of national honor. It was designed to make San Domingo pay her honest debts, and did not impose upon the United States any burdensome obligations.

Mr. Charles W. Stivers, editor of the Liberty Herald, one of the oldest Republican papers in Indiana, is a candidate for federal appointment. Mr. Stivers has long given valuable service in the Republican party personally and through his paper, and is a man who is in every way capable and would be a credit to the administration.

Night attacks in warfare are a distinct Japanese innovation and no doubt will have an important bearing on field operations in future wars. Most of the heavy assaults at Port Arthur, and in the battles between Liao Yang and Tie' pass have been delivered at night. These night attacks as employed by the Japanese in Manchuria, open an extensive new and difficult department that must be taught henceforth in military colleges. In keeping its soldiers in health, and caring for them when sick or wounded, Japan has moved up into a class of its own. Its commissary methods also appear to be unequalled. As for the devotion of its troops to a high national ideal, and their fortitude and fearlessness, nothing has been known to surpass it. That such remarkable lessons should come from a race confined to an Asiatic chain of islands proves the possession there of strong qualities and intellectual power that may well cause amazement among races claiming a higher civilization.

There seems to be trouble ahead for Castro, president of Venezuela. Not content with the outrage perpetrated on American interests in his seizure of the asphalt lakes, he has cancelled the concession of a French cable company, and seized coal mines operated by an Italian company. Holland also has a grievance for illegally imprisoning five Dutch sailors. Minister Bowen, of the United States has requested an answer whether Castro will consent to arbitrate; if not, this country will use coercive measures. Whether the conduct of Castro in defying several governments is influenced by some world power to possibly test the Monroe doctrine, or is merely the result of gross folly, one thing is evident, that trouble is approaching in Venezuelan matters and affairs. It will be properly and conclusively met by the United States if the occasion should arise, and it is a pointer in the direction of the needs of a navy commensurate with the power and the dignity of America.

Senator Hemenway was expected here today enroute to his home at Booneville. It is said that T. P. Tillman, of Booneville, who was appointed as his private secretary, may succeed Nolen L. Chew of Noblesville, as deputy auditor of the Postoffice department. Charles Siler of Evansville, was designated for the place but has decided that he does not want it. Tillman who is chairman of the Warrick county Republican committee is now in Washington. Senator Hemenway, it is understood, will return to Washington about the middle of April. He has been very busy looking after matters for his constituents at the various departments.

The Morton monument commission will meet next Monday to perfect an organization. Each member is required to give a bond of \$5,000. It will not be decided for some time where the monument will be located but it is probable that it will be erected at the east entrance to the state house. Thirty-five thousand dollars was appropriated for the monument but the commission will make an effort to raise \$10,000 more by popular subscription. Department Commander Lucas who is a member of the commission will probably ask for subscriptions from the Grand Army posts. The monument will be one of the finest in the country.

Chairman James P. Goodrich, of the Republican state committee, is not in the east on a political mission as reported. An attorney for Wabash college at Crawfordsville, explained today that Goodrich went to New York for the purpose of seeing Andrew Carnegie with reference to an appropriation of \$30,000 for a library for that institution. Carnegie has appropriated \$30,000 for a library for Earlham college at Richmond and the trustees of Wabash hope to get a similar amount.

The appointment of Captain H. S. New as chairman of the Republican national committee brings Indianapolis nearer the center of the political stage than ever, as the two national chairmen and vice president now reside here. Chairman Taggart of the Democratic committee resides within a block and a half of Chairman New. The two are warm personal friends though political enemies. Taggart is much gratified at News' success.

Representative Ananias Baker of Rochester, who created a sensation during the close of the recent session of the legislature by openly charging O. A. Baker, of Marion, with attempting to bribe him to vote against the anti-cigarette bill, was here today. He intimated in a mysterious manner that the bribery incident is not dead by any means.

Woman's Pathetic Death.
Saranac Lake, N. Y., March 22.—Miss Elizabeth Hotz of Indianapolis committed suicide here by shooting herself in the heart. She came here last fall with the hope of benefiting the health of her sister, Mrs. Oscar Koster. They took a cottage at Moody Pond. When the district nurse called yesterday she found Mrs. Koster dead. Miss Hotz's body was discovered in a pool of blood. On the table was a note in which she said she did not know that her sister was so ill, and asking to be forgiven for her act.

Funeral Party in Wreck.
Lancaster, Pa., March 22.—While descending a steep hill on the Lancaster & Southern railroad near Martle forge, about twenty miles south of this city, a trolley car, bearing a funeral party, got beyond control of the motor-man, and was wrecked against an embankment at the foot of a steep hill. Not one of the twenty-one persons aboard escaped injury. Thomas Cummings, aged eighty years, whose wife had just been buried, was so badly injured that he will die.

Brother Takes Action.
Vincennes, Ind., March 22.—Harvey Taylor, of Terre Haute, brother of Ayres J. Taylor, who was shot and killed by Louis A. Meyer, filed an affidavit, charging Meyer with murder in the second degree. Meyer was released on \$10,000 bond, which was signed by twenty-five of the leading men of the city.

Serious Hunting Accident.
Walkerton, Ind., March 22.—Earl Mackin was shot in the face and neck by the accidental discharge of a fowling piece while duck hunting near Kankakee. Two of his companions were struck by the same discharge.

La Grippe Causes Suicide.
Crownpoint, Ind., March 22.—John Taffney, a business man of this place, committed suicide by shooting himself through the head. The deed was committed while semi-delirious from an attack of la grippe.

On Trial for Murder.
Indianapolis, Ind., March 22.—The trial of Preston Bell, colored, on the charge of murder, the killing of Abe Welch, also colored, Christmas day, 1903, is in progress in the criminal court before Judge Alford.

Scottsburg, March 22.—Fire of unknown origin destroyed the entire Warmouth block and the fine residence owned and occupied by Epstein Garriott, causing a loss of \$12,000.

Charge Not Sustained.
Denver, March 22.—The Colorado general assembly in joint convention exonerated James L. Herbert, vice president and general manager of the Colorado & Southern railroad, and Daniel M. Sullivan, postmaster of Cripple Creek, who had been charged with bribery in the gubernatorial contest.

Venezuela in Hard Lines.
Washington, March 22.—Reports have been arriving here for some time that many of the people of Venezuela are penniless and in need of food. One foreign diplomat there recently reported that conditions were indescribable and that the strict censorship on everything sent out prevented the world from knowing the actual condition of affairs. All foreigners were strictly watched.

Counselled Conservatism.
Louisville, Ky., March 22.—The joint committee of coal mine operators and miners of the Western Kentucky district has not yet arrived at a decision in the matter of a wage scale for the coming year. The sessions are executive, but it is understood both sides are far apart. T. L. Lewis, vice president of the United Mine Workers, addressed the miners counselling conservatism.

A BRAVE MAN'S ACT

Gen. Kuropatkin Rises Superior to Personalities in the Far East.

BECOMES A VOLUNTEER

Following His Supercession He Volunteers to Serve the Army of the Czar in Any Capacity.

Patriotic Tender Accepted and He is Given Charge of Linevich's Old Command.

St. Petersburg, March 22.—General Kuropatkin has been appointed commander of the First Manchurian army. The appointment is gazetted in the Official Messenger today.

St. Petersburg, March 22.—The Russian army in Manchuria is still to have the services of General Kuropatkin, who is considered by many, in spite of his series of reverses, the best general and foremost strategist of the Russian army. Sinking all feeling of personal bitterness because of his supersession and all the old-time enmity between himself and General Linevich in a patriotic desire to be of service to the fatherland, the former commander-in-chief volunteered to remain in any capacity with the army which he had so long commanded. The tender has been accepted by Emperor Nicholas and gratefully received by the new leader of the grand army.

The change exactly reverses the old order of affairs, when Kuropatkin was the supreme leader and Linevich directed the first army. Authoritative news of this remarkable step was known in Manchuria much earlier than in St. Petersburg. General Kuropatkin, having paused on his homeward journey at Harbin, started southward amidst a most remarkable farewell from residents of Harbin and soldiers who are on the way to fill out the ranks of the depleted army. The send-off was a mere foretaste of what awaits General Kuropatkin at the front; and his self-sacrificing determination and the equally patriotic course of General Linevich in accepting the services tendered are bound to do wonders for the re-inspiration of the emperor's legions and give promise of union and harmony at the council table which that army has hitherto lacked.

The retreat is apparently progressing unevenly. No dispatches of moment have been received today. Little weight is placed here on the deduction drawn at certain European capitals from the dispatch announcing that cannonading had been heard south of Tie Pass, that General Rennenkampff's corps, endeavoring to rejoin the main army, had been intercepted south of Tie Pass. The dispatch in question undoubtedly was erroneous, and it may be pointed out that several correspondents at the front have mentioned the orderly retreat of General Linevich's army and asserted that it effected a juncture at Tie Pass with scarcely a straggler missing, but made no mention of the absence of so well-known a fighter as Rennenkampff. Preparations are now making for the mobilization of a number of detachments, not, however, on a general scale, the preliminary orders affecting but twenty-two districts in the governments of Odessa, Warsaw and Moscow. The grenadiers have not received orders to proceed to Manchuria, but many officers of that organization drafted to command units now bound for the front, have left Moscow.

KUROPATKIN IN TEARS

Touching Farewell of Deposed Commander-in-Chief.

Harbin, March 22.—At the departure southward of General Kuropatkin crowds of thousands of civilians and soldiers gathered at the station and gave him a great ovation. Above thundering hurrahs were heard cries of "God send you happiness," "Good-by, brother," "Good-by, father." As the train started soldiers rushed forward in a surging crowd and grasped the hand-rail of the general's car, throwing their fur caps in the air and running some distance with the car. The scene made a deep impression on General Kuropatkin, down whose face tears streamed. Removing his cap, he saluted again and again, and stood bareheaded on the platform of the car as long as the train was in sight.

Residents of Harbin are uneasy and many of them are departing. Chinese are withdrawing their deposits from Chinese banks here.

Looks Like an Ultimatum.
Willemstad, Island of Curacao, Mar. 22.—The Venezuelan government, it is announced from Caracas, has received a note from the American minister, Mr. Bowen, requiring an answer as to whether Venezuela will arbitrate the questions pending, and saying that in case of a refusal the United States will feel free to take the steps which may be necessary to secure justice.

Bomb Throwing at Warsaw.
Warsaw, March 22.—A bomb thrown from the window of a house in Volk street at 9 o'clock last evening exploded in the midst of a passing patrol composed of police and infantry. Six soldiers and two policemen were dangerously wounded.

AGRARIAN TROUBLES

Unrest Among Russian Peasants Gives Cause for Apprehension.

St. Petersburg, March 22.—Recurrents and extensions of agrarian troubles are noted, and near Libau workmen and peasants are making common cause. The Caucasus is already the scene of armed resistance to the forces of civil authority, and in the region around Kieff, where the peasants are increasingly bold, there have been many cases of violence. The labor leaders of the social revolutionistic persuasion in the great industrial centers are plainly planning to synchronize a general renewal of the strike with the climax of the peasant disorders, and, with the action of the troops in mind, have been serving notice by anonymous letters and other warnings on guard officers here and officials in other cities that if another "red Sunday" comes and they order the troops to fire they will be held responsible therefor and their lives be made the forfeit.

GRUESOME SEARCH

Ruins of Great Shoe Factory Give Up Scores of Dead.

BUT FEW IDENTIFIED

Of the Fifty-Five Bodies Found, but Fourteen Were Identified—Forty-Five Still Missing.

That the List of Dead Represents Total Number of Victims is Not Likely.

Brockton, Mass., March 22.—Satisfied that there was no chance of recovering additional bodies from the ruins of the R. B. Grover company's shoe factory, search was abandoned at 11 o'clock last night by the small army of volunteers after thirty-seven hours of constant toil.

Although the police and Medical Examiner Paine feel sure that they have removed from the debris all remains which were not reduced to ashes, a second search shortly will be instituted to satisfy relatives and friends of victims.

The little band of persons who have besieged the morgue since the first body was taken from the ruins, reluctantly turned their steps homeward last night, satisfied that all that remained of missing ones occupied the pine boxes inscribed "unknown." At midnight, or the first time since Monday Dr. Paine and his assistants remained alone with the unidentified dead.

The revised list, as given out by the police is follows: Bodies recovered, 55; identified, 14; missing, 45; reported as escaped, 283.

It now seems probable that but fourteen bodies will be buried with their identity positively established. That the fifty-five dead represent the total number of victims, no one familiar with the district believes. It is extremely doubtful, however, that more than fragmentary pieces of other bodies will ever be found. Medical Examiner Paine said that he believed other bodies had been reduced to ashes and that the number of victims might never positively be known. He did not believe that further identifications of the charred remains at the morgue were probable. Every body which had on it any trinket or piece of clothing has been more or less positively identified. Remains which have been placed in boxes and marked "unknown" are in such a state that there is no possibility of their being recognized. At the request of Mayor Keith, clergymen of all denominations assembled in the aldermanic chamber at the city hall yesterday afternoon for the purpose of arranging for a public service for the victims. It was decided that the service should be held at 2.30 p. m., Thursday in the City theater. Two clergymen, one a Catholic and the other a Protestant, will speak.

Triple Tragedy in Texas.
St. Petersburg, Tex., March 22.—Thomas Haines shot and mortally wounded Charles Morgan, instantly killed Roy Bess, then returned home, told his young wife what he had done, after which he locked himself in a closet and shot himself in the head with a 45-caliber pistol. The cause of the tragedy is unknown.

An Alabama Tornado.
Roanoke, Ala., March 22.—One of the most disastrous storms that ever visited this section swept across the southern part of Randolph county late last night. Eight or nine lives are known to have been lost and damage amounting to thousands of dollars was done to property. Several houses were demolished.

Extending Their Trip.
Mayaguez, Island of Porto Rico, March 22.—The fourteen congressmen, mostly members of the rivers and harbors committee, with their wives, who arrived at San Juan March 17 on the United States transport Sumner, have sailed from here for San Domingo after traveling overland across this island.

REXALL

REPORT OF PRIVATE ARROWHEAD:

"In the suburbs I have seen men running for the trains and cars every morning. They have swallowed their breakfast rapidly, and then dashed for the cars. The result is fermentive dyspepsia. They are troubled with palpitation, gases on the stomach, and raise sour liquid in the mouth; after meals they have pains in the chest, a lumpy feeling in the throat.

"Where dyspepsia and indigestion were once prevalent, now there is great happiness, and in almost every home will be found Rexall Dyspepsia Tablets. Lytle's Corner Drug store report that they never sold a remedy for indigestion and dyspepsia that was so universally successful."

Rexall Dyspepsia Tablets are Warranted to Cure all Forms of Indigestion and Dyspepsia.

Money Will be refunded, exactly as printed on package, in case of dissatisfaction. Price 25 cents, at our store or by mail.

LYTLE'S CORNER DRUG STORE.

John Bailey and Pro. Myers are visiting friends at Indianapolis this week.

Harry Brant and wife have moved from the James Martin farm to Clarksburg.

Andrew Jackson and wife, and John Cramer and wife, of Connersville, are visiting William Enisweiler and wife.

Rev. Roy L. Brown, of Connersville, was on our streets Tuesday.

Henry Cramer and wife have been visiting John Cramer and wife here.

James L. Brown, of near Rushville, passed through here Friday evening.

An eating contest took place here in the drug store the other night between Chas. Barber and Roy Barber. A bet was made to see who could eat the most oranges, the one eating the least had them all to pay for. Charles eat 30 and Roy eat only 28, leaving the 58 oranges for Roy to pay for. The boys had quite a good time and both went out with their appetites satisfied for oranges.

John H. Cupp, a well known farmer passed away at his home south of here Wednesday evening at ten o'clock. He was an ex-trustee of Posey township and was nominated on the county ticket last fall by the Prohibition party. He has been a faithful member of the Methodist church for many years and was found at his post every Sunday when able. He leaves a host of friends far and near to mourn their loss. The funeral was held at Wesley Chapel Saturday morning, James L. Brown, of Rushville, and William Telfer, of Connersville, officiating. The remains were laid to rest in the Wesley Chapel cemetery.

WHEAT CROP LOOKS WELL

Indiana Outlook For 1905 Much Better Than Had Been Anticipated.

Collected Advices From all Sections of State Reveal no Cause For Alarm.

Indiana millers are already beginning to speculate on the size of the coming wheat crop in this State. Carefully collected advices indicate that the growing crop is now in very good shape, in better shape in fact than it has been for many years at this season of the year. The plant is represented as having an unusually strong root. It has but little top growth, however. It is pointed out that this is a result of the dry weather of last fall.

While the crop has some critical weeks yet to pass through, well posted grain men say that the indications are very favorable. Although there has been some diligent inquiry on the part of Indianapolis millers on the subject, there has as yet been no advice of Hessian fly in this State. The fact that a good deal of Indiana wheat was sown late last fall is counted a favorable sign. The eggs from which the Hessian fly appear in the spring are deposited prior to October 1st, and if the wheat is not up at that time it can be pretty safely concluded that it will not suffer from the ravages of this pest during the following spring.

There is always danger of damage from rust, but grain men say that this is always remote. It was one of the principal factors in the failure of the Indiana crop last year, but it had been many years since the wheat crop had been affected by rust. Peculiar weather conditions are responsible for rust, and it is seldom that they materialize at the proper time.

Some of the millers are expecting an average yield this year, some going so far as to venture a guess. Most of these estimates are in the neighborhood of 25,000,000 bushels, about twice the size of last year's yield.

The government report on farm reserves on March, showing 20.1 per cent. of the 1904 crop still in farmers' hands is considered too high of Indiana. More wheat is being offered now with the price at \$1.12 than was offered when the price was \$1.20. There is a very strong demand for No. 2 red wheat, but much of the wheat that is now coming is unfit for milling purposes.

The acreage this year is much smaller than last. Indiana was visited by a severe wind storm about the sowing time last fall. Much of the corn land that would have gone into wheat was made impassable for a drill.

The building boom is on at Greensburg. The I. O. O. F. will erect a \$30,000 building, the Big Four railway will expend \$100,000 in improvements, the city will invest \$150,000 in a sewerage system and fully fifty business houses and dwellings will be erected during the coming season.

Harley H. Giltner, of the Indianapolis Poultry company paid fines and costs amounting to \$420 Tuesday, on his plea of guilty to the charge of having ten quails in his possession. The ten to which he confessed ownership are among the hundreds dozen at the plant of the Indianapolis Coko Storage company. A separate affidavit was filed in each case by Deputy Game Commissioner Earle and ten fines were assessed. It is understood that Giltner really had more than ten quails in storage, but the officers did not avail themselves of their right to make each bird a separate case.

The Shelbyville Liberal in speaking of the horse sale held there yesterday by W. C. Meloy, a liveryman, says: Among the noted horsemen attending from a distance were Mr. Garr, of the Gaar-Scott Company, of Richmond; Earl Stewart, of Logansport; John Simmons and L. F. Carmichael, of Hope; Will Dagler, of Rushville; Wagner & Son, of Columbus; Hilligoss & Son, of Rushville; Stan Lawson, of Cincinnati, and George Ayres, of Anderson. Some teams at the sale went as high as \$375 and single horses ranged in price from \$110 to \$180. The bidding was spirited and on nearly all the animals the top notch was realized.

The Knights of Pythias lodge of Taylorsville, celebrated its fourteenth anniversary Monday night, the address of the evening being delivered by the Rev. George W. Winfrey, of Shelbyville. The music was furnished by the Edinburg high school orchestra. The Taylorsville lodge has a membership of eighty-five and is in excellent condition financially.

AMUSEMENTS

"The Minister's Sweethearts," G. H. Eldon's drama, new to the patrons of the city opera house, will be presented here Monday, March 27th. A gawky, awkward, yet withal wise country girl is the central character around which the author has written a dramatic story that is new to the stage. For this reason, if for no other, the production will win both the admiration and attention of the public. Miss Bessie Clifton, whose quaint blending of comedy and pathos reminds one of the late Sol Smith Russell, gives to the stage a new character study that is as original a conception as any yet introduced in drama. The entire support is of the very best. Elegant scenery is carried for each act and a thoroughly first class production of a pure, wholesome comedy is assured.

"Do you take this woman to be your lawfully wedded wife?"
"What d'ye think I kim here fer? Jes for the fun of the thing?"

RAILROAD NOTES

The Big Four will build a new depot at Greensburg and will expend \$100,000 for improvements in their yards at that place.

The I. & C. Traction company has added a new baggage truck to the equipment at its station, corner of Morgan and Third streets.

The I. & C. Traction company is preparing signs which will be placed on the bridge along the line, forbidding anyone to cross them.

The C. H. & D. and the Big Four have arranged to begin their Sunday excursions between Indianapolis and Cincinnati April 16th, the C. H. & D. to run the first excursion from Indianapolis to Cincinnati and the Big Four alternating Sundays for the season.

It is rumored that several changes will take place on the Michigan division of the Big Four soon. Supt. Blizzard takes the Indianapolis division, and trainmaster J. A. Courtright will go to the Cairo division. It is not known who will take the positions to be vacated by Mr. Blizzard and Mr. Courtright.

The new management of the C. H. & D. has purchased seventy-five miles of new steel rail, weighing eighty-five pounds to the yard, and will lay it on the main line between Cincinnati and Toledo. The rails taken up, which were new two years ago and weigh seventy pounds to the yard, will be laid on the Indianapolis and Springfield divisions. As soon as the rails have been laid the heavy engines purchased in the last few months will be run on any part of the C. H. & D. system, except on the Ohio river division.
